

Ticket ID	Lowest PIMSY Plan	PIMSY Department	PIMSY Screen	Release Notes	Version
2981	Prime	Administration / Set Up	Invoicing	We have corrected an issue that was preventing secondary claims for Add On Codes from being created automatically.	6.0.3.0
3263	Prime	Medical Records	medications	We have added several new columns to the Medication Grid in the client's chart and else where. You can now update the Route, Units, Strength and we have added a General Notes column where you can put other information about non company prescribers.	6.0.3.0
4358	Prime	Calendar / Scheduling	Calendar	We have made some adjustments as to how the calendar behaves in terms of the data it brings back based on which view you are using (Month, week, Timeline etc).	6.0.3.0
4365	Prime	Calendar / Scheduling	Calendar	We have added the ability to Right Click and create appointments over existing appointments on the SAL Calendar.	6.0.3.0
4374	Professional	Billing / Invoicing	Invoicing	We have made several changes to the 835 file / RA import. PIMSY will now automatically create a secondary payment if we can confirm in the file that the payment being posted is from a secondary payer. The system will also try to match that payment from the secondary payer to an existing secondary claim even if the invoice number matches the number from the primary payer. We have also modified the system to better create secondary claim lines on Add On Codes when the primary claims are marked paid.	6.0.3.0
4388	Prime	Medical Records	Q&A Picklist	We have unrequired the control type and category on the Q&A Question Set up Area of the system. The system will no longer give you an error that forces you to refresh when you do not include those values when you are setting up questions. If no control or category is selected the questions will not show up anywhere.	6.0.3.0

Ticket ID	Lowest PIMSY Plan	PIMSY Department	PIMSY Screen	Release Notes	Version
4389	Professional	Administration / Set Up	Public Documents, Word Documents	We are excited to announce a new feature to our Professional Plan. You can now upload Templated MS Word documents to the Public Documents and have PIMSY fill those documents out with information from the clients chart. Please contact your PIMSY automatically support specialist for more details. We will be offering Webinars on this new feature as well.	6.0.3.0
4390	Professional	Medical Records	Reports	We have added 10 new Consent Reports to the Settings area.	6.0.3.0
4391	Prime	Medical Records	Documents	We have corrected an issue that was causing PIMSY to loose it's full screen status after uploading a document. PIMSY now stays open to full screen.	6.0.3.0
4397	Prime	Medical Records	Diagnosis	We have added a pop up search box that shows up when assigning new diagnosis to a client. This will allow the quick filter to work immediately and help speed the loading process of the dialog box. We have also added code to the Save routine of the dialog box that ensures the drop down box that contains the diagnosis has finished loading before the save routine can be run.	6.0.3.0
4398	Platinum	Medical Records	eMAR	We have added a new screen and settings that will allow a user to see all the scheduled eMAR clients for a time period. This screen will work regardless of if the client has an actual appointment. You can now choose the eMAR menu item under the main clients menu to see all the records for all the clients at once. We have added several new settings to allow you to assign particular billing codes to the "Take Home Given" status and the "Administered on Site" status. This will allow the system to create both SALs and Notes for these records that contain the correct billing code.	6.0.3.0
4406	Professional	Administration / Set Up	Stats by Date	We have added the billable flag to the Reports -> Stats by date -> Stats on Notes by User, User Location Division report.	6.0.3.0
